Traveling

EXPERIENCE

TRIPMOKSHA PVT LTD | Software Developer Intern
Jan 2020 – Mar 2020 | New Delhi, Inidia
- **Led** and shipped the website's **backend** from scratch.
- Used **Python**, **Flask**, **MongoDB** and **Firebase** to develop **REST APIs**.
- Integrated a payment pipeline using **Stripe** and **Mailgun**.
- Built reusable **dashboards** using **Javascript**.

PROJECTS

MONOPOLY BANKER | Code
- Keeps track of **finances** in a game of **Monopoly**, replacing currency notes.
- **Color-coded toast notifications**, supports **multiple players**, quickly save and resume a game.
- Features an installable **PWA** across different devices and works across different viewports.
- Built using **React**, **Socket.io** and **NodeJS**.

VIRTUAL DANCE PARTY | Code
- Used **Javascript** to develop a fun app to host **virtual dance parties** where participants can **dance together** as **animated stickmen**.
- Used **Tensorflow** and **PoseNet** Model to estimate the pose using the camera of the device.
- **Rendered** an animated **2D stickman** using **Two.js** and optimized it to achieve a framerate of ~**25 FPS**.
- Used **Spotify SDK** to stream and control **music** in the dance room.

PARKMYCAR | Code
- Developed in **24** hours at **Microsoft's** Innovation Hackathon.
- Led a team of **4**, worked on the technical part of the project.
- Provides **real-time parking space availability**, listing private spaces, lot management, navigation, etc.
- Built using **Python, Flask, MongoDB, MapMyIndia API** and hosted on **Microsoft Azure**.

POSITIONS

- **Web Core Team Member** at **Google Developer Student Club** of DTU.
- **Co-Head** Web Technology at **IOSD** DTU.
- Awarded the **Best Hack** at **MLH New Year Hackathon 2021**.
- Conducted various **sessions** in the field of Web Development where **200+** students participated.
- Successfully organized and judged **CodeFeed'21**, an app-development competition where **50+ teams** participated.
